BOARD OF HEALTH AND COM-
MITTEE MAKES INVESTIGATION.

CLEAN UP SECOND STREET

Some Buildings Ordered Torn Down,
Others Repaired and Many Back
Yards Ordered Cleaned. A List of
the Properties Affected.

The most important matter before the city council last night was the report of the Health, Fire, Light and Water Committee. This committee which is composed of Dr. H. S. Pernot, J. B. Irvine, Wm. Bogue, G. A. Robinson and A. B. Cordley made some strenuous recommendations as follows:

We, the committee, beg to report as follows:

In block No. 3 on lots 11 and 12, original town of Marysville, now Corvallis, Hathaway Bros. barn in rear, which we recommend to be removed and property cleaned up.

On south 1/2 lot 10 in same block Willamette Valley Co. should clean up in rear.

On north half of lot 10 in same block, O. J. Blackledge, agent, we recommend that the house be torn down and lot cleared off entirely.

On lot 9 in same block, Ingle & Tozier, all the old shacks in rear of main building should be torn out and cleaned up.

On lot 8 same block, Masons, we recommend that they remove all old lumber and clean up rubbish.

On lot 5 block 9, Pauline Kline, owner, on account of the rotten condition of the building and danger of fire, we recommend that that part of same now occupied by Jake Blumberg be removed. Further that the part occupied by McGee, the rear shed be torn off and moss torn off of roof.

On lot 4 same block, David Whaley, owner, we recommend that the shed in rear be removed and yard cleaned up.

On lot same block, Smith & Graham, owners, should remove an old building in the rear and clean up back premises.

On lot 257 feet block No. 4, Harper Mecklin, owner, should remove the old shacks in rear and clean up lot.

On lot — same block, Mr. Hemphill, owner, we recommend that the old shacks on rear of premises be removed and cleaned up.

On lot — same block, Fischer, owner, we recommend that all the wooden structures in rear of brick buildings (excepting the wood shed attached to Graham & Wortham Drug Store) be removed, and also that the unoccupied upper story be cleaned up.

On lot — same block, M. S. Woodcock, owner, we recommend that the rear part of the Occidental Hotel be cleaned up and kept in a more sanitary condition than it is at the present time.

On lot — block 5, Metzger and Hodes, owners, we recommend that they clean up in rear.

On lot — same block, Kemp and Porter, owners, should clean up in rear.

MANY WALKS TO BE LAID SOON

COUNCIL ORDERS CEMENT AND
WOODEN WALKS PUT DOWN.

CITY ENGINEER ORDERED TO GET BUSY ON PREPARATORY WORK. WILL TAKE IN ALL AVAILABLE TERRITORY. COUNCIL WILL SELL PROPERTY.

At the council meeting last night many wooden walks were condemned and others ordered laid.

A cement walk was ordered laid on the east side of Fourth between Monroe and Jackson. Jim Osborn has his walk in there, but there is no walk on either side of his property.

In front of Harding property between A and B streets.

East side of Ninth between Madison and Jefferson, connecting with the George Smith property.

South side of Tyler between Second and Third, and north side of Tyler between Third and Fourth.

Wooden walks were ordered constructed in the vicinity of the North School as follows:

West side of 18th between Van Buren and Polk.

South side of Polk between 17th and 18th. Three cross walks.

To Enlarge.

The city engineer was ordered to survey, and prepare descriptions, for annexation of territory west and south of Corvallis. It is the intent to place the west line of the corporate limits at the Catholic cemetery, thence south to Oak creek, thence east, taking in all property south of Marys river. This may be changed somewhat before finally adopted.

It was ordered that the city property at the rear of the Allen & Woodward drug store be sold, and sealed bids will be asked for.

On lot — same block, J. N. McFadden, owner, we recommend that the Hotel Corvallis, occupied by Chas. Baker, be cleaned up in rear and kept in more sanitary condition than formerly.

On lot — block 6, Harding and Hodes, owners, we recommend that the rear of buildings be cleaned up.

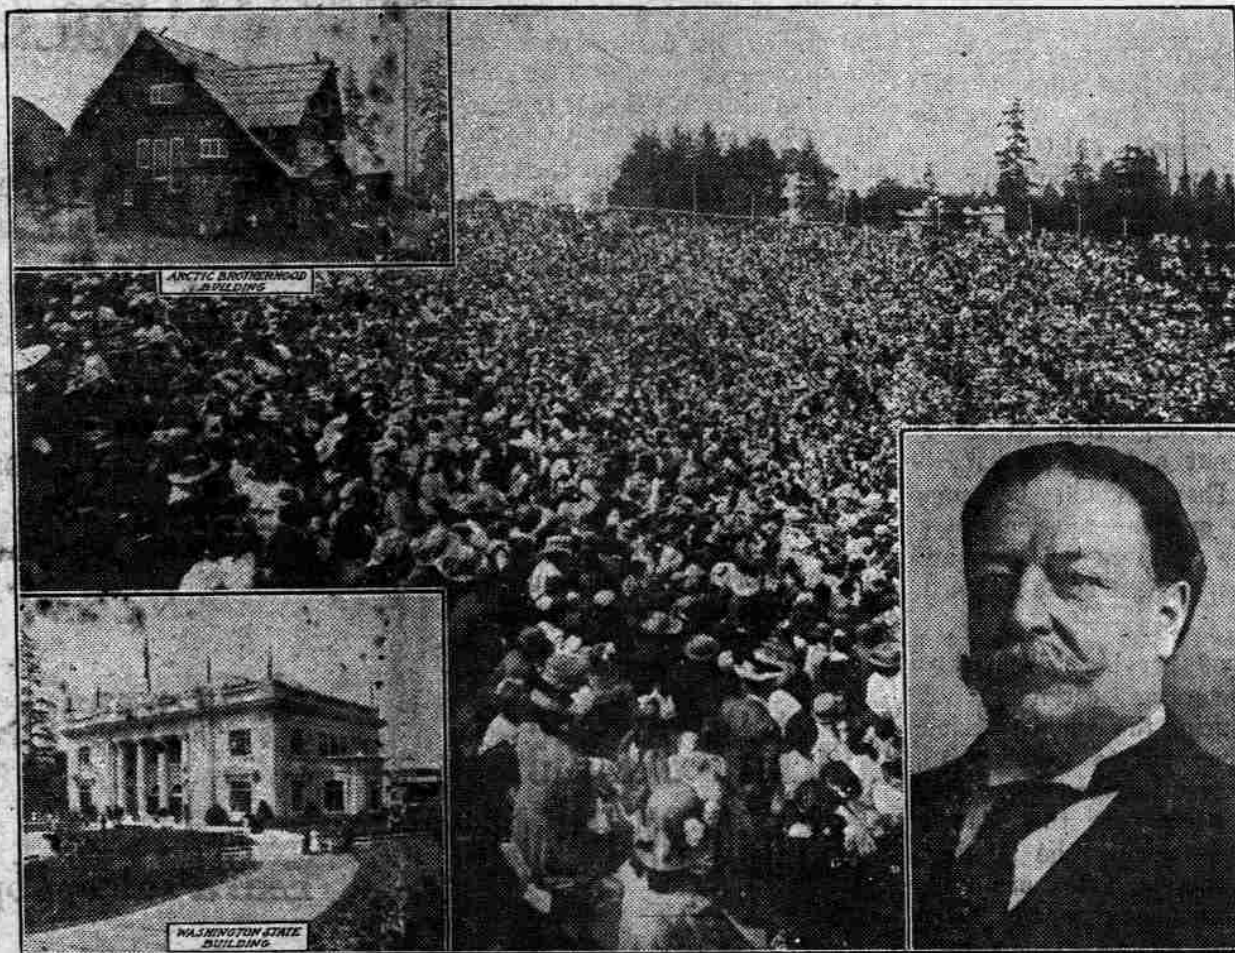

On lot — same block, White-side, owner, we recommend that the rear part of the Palm Cafe be cleaned up and kept in a more sanitary condition.

Dr. Bell's Soda Works.

We further recommend that the Health Committee be authorized to make arrangements with Miss Isabelle Smith, who is starting a hospital in Corvallis, to take care of all parties having contagious diseases and others whom it is the duty of the city to provide for at its expense.

Says the Forest Grove (Washington county) News: "Good roads are money well spent, and dollars could be expended where dimes are now in Washington county." True for you; but how the non-resident holders of idle lands in Washington county would kick at the assessments!

President Taft to Visit the A.-Y.-P. Exposition Sept. 29 to Oct. 1.

THE PRESIDENT WILL ADDRESS A MONSTER CROWD IN THE NATURAL AMPHITHEATRE DURING HIS VISIT TO THE EXPOSITION.

PRESIDENT WILLIAM HOWARD TAFT is to be the principal actor in a varied interesting program, which awaits him upon his arrival at the Alaska-Yukon-Pacific Exposition in Seattle from September 29 to October 1. From the moment Bill Taft sets foot on the paved walks of the exposition he will have to keep pace with the various events in which he is scheduled to take part. His activities will have a wide range, too. And, then, the president's good nature is proverbial and his lieutenants have sent on word that the president will do his part to make the day a big success. His most formal appearance on the exposition grounds will be at a reception in the Washington state building at the official banquet. Following in line will be his initiation into the Arctic Brotherhood, the Alaska fraternal association. The president will also find time to address a monster crowd in the Natural Amphitheatre, mush down the Pay Streak, attend an elaborate luncheon, visit the United States government buildings and the Igorroto village.

September 30 at the Alaska-Yukon-Pacific Exposition will be one of the president's busiest days in the west and the people will be given every opportunity to see and hear him during his visit to the fair.

When papers report the prices at which land is offered for public purposes the assessed values should also be given. It would also be interesting and instructive to mention what use these sites and tracts are put to and what the owners have done to make them so valuable.
